rounded  
open  
domed shape  
space  
angles  
squares

person?

glasses scientist-like

sol bread  
~~like a professor~~  
~~or scientist~~

4 1/2 - this person is not very organized, thoughts and interests are bouncing around like a room full of ping-pong balls.

SG1J

sol bread  
reminds me of

4 1/2 This person is the proverbial "absent-minded professor, the type of person that gets so engrossed in his thoughts that he blindly walks into walls. He prefers to dress in shades of browns and tans, very conservative. He wears glasses.
